Minutes of Coaches Meeting
Intercollegiate Poultry Judging Contest
Chicago, Illinois - St. Clair Hotel
November 28, 1955

The meeting was called to order by Dr. E. E. Schnetzler, contest manager.

The minutes of the preceding meeting were read, and approved as read.

Drawings were made for team assignments, and contest arrangements explained by the contest manager.

The question was raised concerning lighter cuts for very close pairs, but upon motion of Kinder, seconded by Roberts, it was voted that a standard ten point cut be made for each pair switched. Motion carried.

Dr. Schnetzler reported that Class 4 production - a class of White Plymouth Rocks - had failed to arrive in time for use in the contest, and asked for suggestions as to what should be used to replace the class. Morrison moved and Roberts seconded the motion that an additional class be made up from the extra birds shipped to the contest provided a placeable class could be gotten from such birds. Motion carried.

A committee of Penquite, Maw, and Gilbreath was appointed to make a study of the Individual Bird Selection part of the contest, and Penquite read the report of the Committee. Following his report, the matter was thoroughly discussed, after which Penquite made the motion and Japp seconded it, that for the 1956 and following contests that no cards in the Individual Bird Selection class be given an official grade until at least one-third of the cards had been turned in and graded. Then in case fifty per cent or more of the contestants disagree with the official decision on a bird or birds the contest manager will be notified and he will then call in the original committee and ask them to re-examine the birds. In case the re-examination shows a disqualification to be present, the official placing shall be changed and all cards reggraded to agree with the new official placing. Motion carried.

Penquite moved, and Champion seconded a motion that 25 Ready-to-Cook fowl, and 25 Ready-to-Cook broilers be used in next years contest to replace the present New York dressed birds, and that suitable shackles be provided to swing the birds so they can be accurately graded by contestants. Motion carried. Roberts moved and Spencer seconded a motion that in future contests that the latest edition of Agriculture Handbook No. 31, Poultry Grading Manual, be the guide of the judges except for abrasions (discolorations) caused by the dressing operation. Motion carried. Abrasions, one coach suggested, are to be defined as the removal of the outer layer of skin resulting from the use of water that is too hot, or from rough treatment by picking machinery.

Dr. Schnetzler suggested the possibility of moving the banquet to a private dining room rather than continue it at a downtown hotel. No vote was taken but it was the consensus of those expressing themselves, that such a change would be desirable. Plans for the Wednesday tour were announced just prior to adjournment.

Coaches and Schools represented for the 1955 contest were as follows:

E. T. Wightman - University of Kentucky	L. R. Champion - Michigan State
Don Talmadge - Univ. of Connecticut	E. D. Parnell - Texas A & M
A. J. S. Maw - Pennsylvania State	F. S. Jacoby - National Agric. College -
Robt. C. Baker - Cornell University	Pennsylvania

POULTRY JUDGING CONTEST

Rules and Regulations

INTERCOLLEGIATE POULTRY JUDGING CONTEST

Place and Date: Chicago, Illinois, on Tuesday and Wednesday after Thanksgiving, unless decided otherwise by a two-thirds vote of the institutions directly concerned. For many years there has been a market tour the day preceding or the day after the day of the contest. Announcement regarding the tour will be made through the contest management.

Room reservations are usually made for teams at a designated hotel; however, it is not mandatory that teams stay at the designated hotel.

Organization of the Contest: The contest shall consist of three divisions, namely: Production Judging; Breed Selection; and Market Products Grading. Each division having a total value of 500 points. A perfect all-around individual score will, therefore, be 1500 points, and a perfect all-around team score will be 4500 points.

Eligibility of Contestants: Each team shall consist of three team members and one team alternate.

Membership on a team is open to any undergraduate student regularly enrolled in the four year course of the institution who has been in attendance at the institution he represents for at least one full year and who at the time of the competition is regularly enrolled in the college where he has completed one year's work and whose work in his classes is of a passing grade. No student is eligible to compete more than one school year. The instructor or coach in charge of each team shall be responsible for the eligibility and credentials of that team.

Team alternate is not considered as having entered competition, except as indicated in the following paragraph.

If a team member becomes incapacitated during the contest the team alternate shall be permitted to take his place. Both of these contestants will become ineligible for future competition.

Contest Procedure: The contest will commence at a time and date chosen by the Manager.

Contestants shall handle all birds, eggs and carcasses with care.

Each contestant shall be required to write his placings on a card which will be provided. He shall also indicate on the card his name, his team, and the class of birds being judged. The card shall be handed to the monitor at the end of the period allotted as the contestant shifts to the next ring.

Under no circumstance will any monitor advise or inform a contestant of an error (duplication or deletion) made by the contestant on his card or cards.

After the contest has started no contestant shall be permitted to communicate with any person except the monitor in charge of his group or in charge of the ring with which he is immediately concerned.

As placing cards are turned in by contestants at the close of each period, they shall be delivered to the grading committee for scoring and tabulating.

Placing cards are "closed" to examination by anyone during the interim between contestant and grading committee.

No persons other than the members of the grading committee and the manager of the contest shall have access to any of the scores or placings until they are publicly announced.

Team alternates will not be admitted to any part of the contest while the contest is in progress, except under supervision of a special monitor as arranged for by the contest manager, and under his specific instructions as to procedure.

Official placings will not be posted at the end of the contest.

Committees: The manager of the contest shall appoint the following committees of coaches or other college representatives, whose duties shall be as indicated and whose decisions as committees shall be final:

- 1 - Judging committees consisting of three members shall make selections for production rings; make the official placings of the breeding pullet rings; pass upon the qualifications of birds of "Individual Bird Selection" section; grade live market birds; and grade the eggs and the dressed Market Poultry. The membership of these committees shall rotate from year to year, the general plan being for one member to be replaced each year, and for each new member to serve for a three-year term.
- 2 - A committee of monitors who shall have supervision of the contestants during the contest period. It shall be their duty to see that no communication takes place between contestants or between contestants and outside persons, except in the presence of a monitor or the contest manager, and then only for unusual reasons. The chairman of this committee shall designate one member to act as time-keeper. He shall also arrange for immediate delivery of the placing cards to the grading committee as contestants turn them in.
- 3 - A grading committee of five or more members who shall score each placing card, and tabulate the individual and team scores by divisions and for the contest as a whole. This committee shall consider its proceedings as "closed" to all persons except the contest manager until such time as the results are publicly announced.
- 4 - A committee on arrangements consisting of the contest manager, and as many others as may seem necessary or desirable, (number to be determined by the manager) to make all arrangements for the contest, including the exact place, necessary tables and coops, rings of poultry, market eggs, prizes, headquarters hotel for the teams, the tour and the banquet following the contest.

Amendments: Rules and regulations may be amended by a two-thirds vote of the coaches present at a regular meeting which shall be held annually during the contest. They may also be amended by a two-thirds vote by mail of the institutions to be represented in any contest, provided such vote is completed in time to be announced to all competing institutions at least thirty days prior to the contest. Amendments made at coaches meetings during a contest will not apply to that contest but shall become effective the next contest held.

Division I - PRODUCTION JUDGING (500 points) (5 bird rings)

Time: 14 minutes for placing each ring of birds.
Coops shall be numbered from 1 to 5.

The production rings shall be composed of yearling hens and placed in the order of total egg production, including all eggs from the time of first egg until shipped to the contest. Each ring shall have been selected to conform with the following specifications insofar as possible.

- (a) The five birds shall be hatched at about the same time, preferably within a range of two weeks.
- (b) All five birds shall have started to lay within a range of 1 month.
- (c) All five birds shall have been given similar rations and housing conditions.
- (d) Each pair shall differ by a minimum of 20 eggs and preferably 25 eggs, in total egg production.
- (e) In the selection of hens, no attempt is to be made to choose "placeable" rings. Official placings are to be made in the order of actual egg records, without regard to the appearance or handling quality of the birds so long as all are in good physical condition. Intentional use of birds in poor health will be avoided in setting up these rings.

Division II - BREED SELECTION (500 points)

Breeding Pullets: (300 points) (5 bird rings)

Time: 14 minutes for placing each ring of birds.
Coops shall be numbered from 1 to 5.

- Ring 6 - White Leghorn Pullet breeding birds. (Production Strains).
- Ring 7 - White Rock pullet breeding birds. (Production Strains).
- Ring 8 - New Hampshire pullet breeding birds. (Production Strains).

Standard type and production characteristics shall be used in combination as basis for placing breeding pullets.

The value of the birds to reproduce desirable type offspring of high production capacity in the next generation should be the major consideration.

An attempt will be made to set these classes up without using birds having standard disqualifications. However, if standard disqualifications are present, they shall be considered only as minor defects by contestants.

Individual Bird Selection: (200 points) (20 birds) Time: 30 minutes

Coops shall be numbered from 1 to 20.

This section shall consist of any combination of cock, hens, and/or cockerels and pullets at least six months of age of White Rocks, Barred Rocks, White Leghorns, Single Comb Rhode Island Reds, and New Hampshires.

All specimen should be well developed and apparently with good physical condition and health so that these factors need not be considered in classifying individuals.

The coops will be clearly labeled giving breed, sex and approximate age in months, e.g., New Hampshire cockerel, Age: 8 months.

The decision for keeping or rejecting an individual bird should be based entirely on the presence or absence of standard disqualifications. A disqualification need not be too obvious but on the other hand, it should be definite and therefore not a matter of judgment about which qualified individuals would differ. When disqualifying a bird, contestant will write the wpecific disqualification on his card.

Only one disqualification is necessary for rejection and if more than one is listed by the contestant, the grading committee will consider only the item listed first, reading from left to right, as the contestant's intended reason for rejection.

(Health and vigor, debeaking, weight, clipped wings, iritis, crooked keel, knock knees, and squirrel and wry tail are not to be considered in classifying individuals.)

Division III - MARKET PRODUCTS JUDGING (500 points)

Egg Grading (200 points) (50 eggs) Time: 45 minutes

Eggs shall be numbered from 1 to 50.

The market eggs shall be graded ONLY according to the size of air cell, condition of yolk, condition of white, germ development and size of possible blood and meat spots.

(Use of eggs with blood and meat spots too small to reject the egg, bubbly air cells, movable air cells, and stuck yolks shall be avoided in setting up egg classes. However, should any of these conditions exist, they are to be disregarded by contestants).

U. S. Standards for quality of individual shell eggs shall be used as guide regarding above listed quality factors.

Letter grades A, B, and C will be used. Classes may contain rejects. (Reject will refer to any egg not qualifying for a "letter" grade on the points listed).

Each contestant shall indicate by "check symbol" ONLY in correct columns on the card the grade in which he believes each egg should fall.

Forty watt frosted light bulbs will be used.

Members of each team will grade the same lot of eggs.
A comparable lot will be set up for each team.

Dressed Poultry (200 points) (50 New York dressed carcasses, 25 fowl and 25 broilers).

Carcasses shall be numbered from 1 to 50. Time: 45 minutes.

The dressed poultry shall be graded ONLY on conformation or deformities, fleshing, fatness, pinfeathers, cuts and tears, disjointed and broken bones, and sores.

(An attempt will be made to use carcasses that do not have dirty heads, bloody heads, dirty carcasses, bloody carcasses, dirty vents, dirty feet, fan feathers on wing tips, garter feathers, feed in crops, incisions for crop removal, green struck crops and vents, and vestigial feathers. However, if these conditions exist, the contestant is to disregard them and grade each carcass ONLY on those points listed in the paragraph immediately preceeding this parenthetical statement).

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, February, 1952, beginning on page 22 shall be used as guide in evaluating a carcass as to the above Individual-Quality Grading Factors.

Letter guides A, B, and C will be used. Classes may contain rejects. The term "reject" shall be used as referring to any carcass, not qualifying for a "letter" grade on the factors listed above.

Each contestant shall use a "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each carcass should fall.

Live Poultry: (100 points) (20 birds)

Time: Two 14 minute periods. Coops shall be numbered from 1 to 20.

The live market birds shall be graded ONLY on feathering, conformation, fleshing, fat covering, and degree of freedom from defects.

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, February, 1952, beginning on Page 8, shall be used as guide in evaluating a bird as to the above Individual-Quality Grading Factors.

Letter grades A, B, and C will be used. Classes may include rejects. The term, "reject" is to include all birds not qualifying for a "letter" grade.

Each contestant shall indicate by "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each bird should fall.

INSTRUCTIONS TO GRADING COMMITTEE

Scoring and Basis for Making Awards

All Five Bird Rings

Contestants' placings shall be scored on a basis of 100 for each ring for agreement with the official placing and a deduction of 10 points for inversion of any two birds. All pairs shall be considered to be "normal" unless designated as "close" or "very close" in the official placings. "Close" and "very close" pairs shall be subject to a deduction as determined by the judging committee, provided they are simply inverted and are not separated by another bird. In the latter case the regular 10-point cut shall apply.

Where numbers are duplicated on contestants card, grade to be given will be based on worst possible combination in reducing the duplication.

If one placing space is left blank on a contestants card, place the missing number in the space and grade the card without penalty.

If one placing space is blank and placing duplications are on the card or if two or more placing spaces are left blank, the card is to be scored zero ("0").

Written material of any nature in placing spaces on card other than posted coop numbers shall constitute an error and the card shall be graded zero ("0").

Individual Bird Selection

Contestants grade to be based on 200 points for agreement with official disposition of birds.

Ten (10) points shall be deducted for keeping a bird subject to rejection or for rejecting a bird that should be kept, and if a bird is rejected by the contestant, and the official disposition is also "rejected" but the contestant indicates the wrong reason for rejection, ten (10) points shall be deducted from his score.

The maximum ten (10) points shall be deducted for each bird error-ed against by entered indications that it should be both kept and re-jected.

Only the first reason listed, reading from left to right, as cause for rejection shall be considered by the grading committee.

Only "Standard of Perfection" terminology as applied to specific disqualifications shall be considered correct.

Egg Grading and Dressed Poultry Grading.

Contestants grading shall be scored on a basis of 200 points for eggs and 200 points for dressed poultry for agreement with official grades.

A three (3) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and inedible or reject is crossed.

If a contestant fails to enter a grade for an egg or dressed carcass, or enters more than one grade for the same egg or dressed carcass the maximum of nine (9) points is to be deducted from his score for each egg or carcass errored against

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the egg or carcass errored against shall be penalized the maximum nine (9) points.

No score to be less than zero.

Live Market Poultry Grading

Contestants grading shall be scored on a basis of a total of 100 points for agreement with official grades.

A four (4) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and reject is crossed.

If a contestant fails to enter a grade for a bird or enters more than one grade for the same bird the maximum of 12 points is to be deducted from his score for each bird errored against.

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the bird errored against shall be penalized the maximum twelve (12) points.

No score to be less than zero.

Breaking Tie Scores

Tie scores shall be broken by the following considerations, in the order given:

- (a) The largest number of 100 scores.
- (b) The largest number of scores below 100 in their order of descent.
- (c) The largest number of top birds correctly placed.
- (d) The largest number of bottom birds correctly placed.
- (e) A method of drawing decided upon by grading committee.

When an alternate has replaced a regular team member during the contest and their combined score merits an award, the one responsible for the greater portion of the score will receive the award.

Minutes of Coaches Meeting
Intercollegiate Poultry Judging Contest
Chicago, Illinois - St. Clair Hotel
November 28, 1955

The meeting was called to order by Dr. E. E. Schnetzler, contest manager.

The minutes of the preceding meeting were read, and approved as read.

Drawings were made for team assignments, and contest arrangements explained by the contest manager.

The question was raised concerning lighter cuts for very close pairs, but upon motion of Kinder, seconded by Roberts, it was voted that a standard ten point cut be made for each pair switched. Motion carried.

Dr. Schnetzler reported that Class 4 production - a class of White Plymouth Rocks - had failed to arrive in time for use in the contest, and asked for suggestions as to what should be used to replace the class. Morrison moved and Roberts seconded the motion that an additional class be made up from the extra birds shipped to the contest provided a placeable class could be gotten from such birds. Motion carried.

A committee of Penquite, Maw, and Gilbreath was appointed to make a study of the Individual Bird Selection part of the contest, and Penquite read the report of the Committee. Following his report, the matter was thoroughly discussed, after which Penquite made the motion and Japp seconded it, that for the 1956 and following contests that no cards in the Individual Bird Selection class be given an official grade until at least one-third of the cards had been turned in and graded. Then in case fifty per cent or more of the contestants disagree with the official decision on a bird or birds the contest manager will be notified and he will then call in the original committee and ask them to re-examine the birds. In case the re-examination shows a disqualification to be present, the official placing shall be changed and all cards regraded to agree with the new official placing. Motion carried.

Penquite moved, and Champion seconded a motion that 25 Ready-to-Cook fowl, and 25 Ready-to-Cook broilers be used in next years contest to replace the present New York dressed birds, and that suitable shackles be provided to swing the birds so they can be accurately graded by contestants. Motion carried. Roberts moved and Spencer seconded a motion that in future contests that the latest edition of Agriculture Handbook No. 31, Poultry Grading Manual, be the guide of the judges except for abrasions (discolorations) caused by the dressing operation. Motion carried. Abrasions, one coach suggested, are to be defined as the removal of the outer layer of skin resulting from the use of water that is too hot, or from rough treatment by picking machinery.

Dr. Schnetzler suggested the possibility of moving the banquet to a private dining room rather than continue it at a downtown hotel. No vote was taken but it was the consensus of those expressing themselves, that such a change would be desirable. Plans for the Wednesday tour were announced just prior to adjournment.

Coaches and Schools represented for the 1955 contest were as follows:

E. T. Wightman - University of Kentucky	L. R. Champion - Michigan State

REC'D OCT 27 1955

ARRANGEMENT COMMITTEE FOR 32nd ANNUAL INTER-COLLEGIATE

POULTRY JUDGING CONTEST - NOVEMBER 29 and 30, 1955

October 27, 1955

Dr. L. A. Wilhelm
Mr. C. L. Haines ✓
Mr. Frank Wollney
Dr. E. E. Schnetzler ✓
Mr. Ed Griffin ✓
Mr. Bronte Leight ✓

Subject: Committee Report To
Date on Arrangements

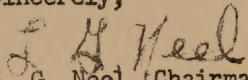

Dear Friend:

Here is a recap of committee arrangements to date (via telephone) and information regarding the 32nd Annual Inter-Collegiate Poultry Judging Contest, November 29 and 30.

- 1.) Schnetz advises the contest will be held on November 29 allowing the entire day and evening for the Chicago tour and banquet.* Clarence Haines is working out the plans for the tour assisted by L. G. Neel. * (Wednesday, Nov. 30)
- 2.) The Old Chicago Room, Hotel Sherman is reserved for the banquet.
- 3.) Presentation of the awards to the contestants will start promptly at 6:00 P.M. followed with the Banquet at 6:30.
- 4.) Ed Griffin has the contacts underway with the sponsors in collecting the necessary funds.
- 5.) Here are the arrangements for the evening program.
 - A. Dr. Cliff Carpenter will serve as Master of Ceremonies.
 - B. Bill Diamond will serve as song leader assisted by Betty Young and her accordian.
 - C. Professor H. L. Kempster, who received a "rain check" last year due to a family health problem, will have the honor of presenting the awards to the winning contestants.
- 6.) Bronte Leight of PENB is handling publicity in line with his good record of performance.
- 7.) Dr. L. A. Wilhelm advises he will handle the 4H Poultry Judging Contest as formerly carried on by Dr. O. B. Kent.

- 8.) At the suggestion of Ed Griffin the services of restaurants - Hardings and Toffenetti were investigated. Hardings can provide a suitable room and dinner at a 40% saving in cost as compared to the Sherman - something to consider for 1956.

Sincerely,

L. G. Neel, Chairman
Arrangements Committee

POULTRY JUDGING CONTEST

Rules and Regulations

INTERCOLLEGIATE POULTRY JUDGING CONTEST

Place and Date: Chicago, Illinois, on Tuesday and Wednesday after Thanksgiving, unless decided otherwise by a two-thirds vote of the institutions directly concerned. For many years there has been a market tour the day preceding or the day after the day of the contest. Announcement regarding the tour will be made through the contest management.

Room reservations are usually made for teams at a designated hotel; however, it is not mandatory that teams stay at the designated hotel.

Organization of the Contest: The contest shall consist of three divisions, namely: Production Judging; Breed Selection; and Market Products Grading. Each division having a total value of 500 points. A perfect all-around individual score will, therefore, be 1500 points, and a perfect all-around team score will be 4500 points.

Eligibility of Contestants: Each team shall consist of three team members and one team alternate.

Membership on a team is open to any undergraduate student regularly enrolled in the four year course of the institution who has been in attendance at the institution he represents for at least one full year and who at the time of the competition is regularly enrolled in the college where he has completed one year's work and whose work in his classes is of a passing grade. No student is eligible to compete more than one school year. The instructor or coach in charge of each team shall be responsible for the eligibility and credentials of that team.

Team alternate is not considered as having entered competition, except as indicated in the following paragraph.

If a team member becomes incapacitated during the contest the team alternate shall be permitted to take his place. Both of these contestants will become ineligible for future competition.

Contest Procedure: The contest will commence at a time and date chosen by the Manager.

Contestants shall handle all birds, eggs and carcasses with care.

Each contestant shall be required to write his placings on a card which will be provided. He shall also indicate on the card his name, his team, and the class of birds being judged. The card shall be handed to the monitor at the end of the period allotted as the contestant shifts to the next ring.

Under no circumstance will any monitor advise or inform a contestant of an error (duplication or deletion) made by the contestant on his card or cards.

After the contest has started no contestant shall be permitted to communicate with any person except the monitor in charge of his group or in charge of the ring with which he is immediately concerned.

As placing cards are turned in by contestants at the close of each period, they shall be delivered to the grading committee for scoring and tabulating.

Placing cards are "closed" to examination by anyone during the interim between contestant and grading committee.

No persons other than the members of the grading committee and the manager of the contest shall have access to any of the scores or placings until they are publicly announced.

Team alternates will not be admitted to any part of the contest while the contest is in progress, except under supervision of a special monitor as arranged for by the contest manager, and under his specific instructions as to procedure.

Official placings will not be posted at the end of the contest.

Committees: The manager of the contest shall appoint the following committees of coaches or other college representatives, whose duties shall be as indicated and whose decisions as committees shall be final:

- 1 - Judging committees consisting of three members shall make selections for production rings; make the official placings of the breeding pullet rings; pass upon the qualifications of birds of "Individual Bird Selection" section; grade live market birds; and grade the eggs and the dressed Market Poultry. The membership of these committees shall rotate from year to year, the general plan being for one member to be replaced each year, and for each new member to serve for a three-year term.
- 2 - A committee of monitors who shall have supervision of the contestants during the contest period. It shall be their duty to see that no communication takes place between contestants of between contestants and outside persons, except in the presence of a monitor or the contest manager, and then only for unusual reasons. The chairman of this committee shall designate one member to act as time-keeper. He shall also arrange for immediate delivery of the placing cards to the grading committee as contestants turn them in.
- 3 - A grading committee of five or more members who shall score each placing card, and tabulate the individual and team scores by divisions and for the contest as a whole. This committee shall consider its proceedings as "closed" to all persons except the contest manager until such time as the results are publicly announced.
- 4 - A committee on arrangements consisting of the contest manager, and as many others as may seem necessary or desirable, (number to be determined by the manager) to make all arrangements for the contest, including the exact place, necessary tables and coops, rings of poultry, market eggs, prizes, headquarters hotel for the teams, the tour and the banquet following the contest.

Amendments: Rules and regulations may be amended by a two-thirds vote of the coaches present at a regular meeting which shall be held annually during the contest. They may also be amended by a two-thirds vote by mail of the institutions to be represented in any contest, provided such vote is completed in time to be announced to all competing institutions at least thirty days prior to the contest. Amendments made at coaches meetings during a contest will not apply to that contest but shall become effective the next contest held.

Division I - PRODUCTION JUDGING (500 points) (5 bird rings)

Time: 14 minutes for placing each ring of birds.
Coops shall be numbered from 1 to 5.

The production rings shall be composed of yearling hens and placed in the order of total egg production, including all eggs from the time of first egg until shipped to the contest. Each ring shall have been selected to conform with the following specifications insofar as possible.

- (a) The five birds shall be hatched at about the same time, preferably within a range of two weeks.
- (b) All five birds shall have started to lay within a range of 1 month.
- (c) All five birds shall have been given similar rations and housing conditions.
- (d) Each pair shall differ by a minimum of 20 eggs and preferably 25 eggs, in total egg production.
- (e) In the selection of hens, no attempt is to be made to choose "placeable" rings. Official placings are to be made in the order of actual egg records, without regard to the appearance or handling quality of the birds so long as all are in good physical condition. Intentional use of birds in poor health will be avoided in setting up these rings.

Division II - BREED SELECTION (500 points)

Breeding Pullets: (300 points) (5 bird rings)

Time: 14 minutes for placing each ring of birds.
Coops shall be numbered from 1 to 5.

- Ring 6 - White Leghorn Pullet breeding birds. (Production Strains).
- Ring 7 - White Rock pullet breeding birds. (Production Strains).
- Ring 8 - New Hampshire pullet breeding birds. (Production Strains).

Standard type and production characteristics shall be used in combination as basis for placing breeding pullets.

The value of the birds to reproduce desirable type offspring of high production capacity in the next generation should be the major consideration.

An attempt will be made to set these classes up without using birds having standard disqualifications. However, if standard disqualifications are present, they shall be considered only as minor defects by contestants.

Individual Bird Selection: (200 points) (20 birds) Time: 30 minutes

Coops shall be numbered from 1 to 20.

This section shall consist of any combination of cock, hens, and/or cockerels and pullets at least six months of age of White Rocks, Barred Rocks, White Leghorns, Single Comb Rhode Island Reds, and New Hampshires.

All specimen should be well developed and apparently with good physical condition and health so that these factors need not be considered in classifying individuals.

The coops will be clearly labeled giving breed, sex and approximate age in months, e.g., New Hampshire cockerel, Age: 8 months.

The decision for keeping or rejecting an individual bird should be based entirely on the presence or absence of standard disqualifications. A disqualification need not be too obvious but on the other hand, it should be definite and therefore not a matter of judgment about which qualified individuals would differ. When disqualifying a bird, contestant will write the wpecific disqualification on his card.

Only one disqualification is necessary for rejection and if more than one is listed by the contestant, the grading committee will consider only the item listed first, reading from left to right, as the contestant's intended reason for rejection.

(Health and vigor, debeaking, weight, clipped wings, iritis, crooked keel, knock knees, and squirrel and wry tail are not to be considered in classifying individuals.)

Division III - MARKET PRODUCTS JUDGING (500 points)

Egg Grading (200 points) (50 eggs) Time: 45 minutes

Eggs shall be numbered from 1 to 50.

The market eggs shall be graded ONLY according to the size of air cell, condition of yolk, condition of white, germ development and size of possible blood and meat spots.

(Use of eggs with blood and meat spots too small to reject the egg, bubbly air cells, movable air cells, and stuck yolks shall be avoided in setting up egg classes. However, should any of these conditions exist, they are to be disregarded by contestants).

U. S. Standards for quality of individual shell eggs shall be used as guide regarding above listed quality factors.

Letter grades A, B, and C will be used. Classes may contain rejects. (Reject will refer to any egg not qualifying for a "letter" grade on the points listed).

Each contestant shall indicate by "check symbol" ONLY in correct columns on the card the grade in which he believes each egg should fall.

Forty watt frosted light bulbs will be used.

Members of each team will grade the same lot of eggs.
A comparable lot will be set up for each team.

Dressed Poultry (200 points) (50 New York dressed carcasses, 25 fowl and 25 broilers).

Carcasses shall be numbered from 1 to 50. Time: 45 minutes.

The dressed poultry shall be graded ONLY on conformation or deformities, fleshing, fatness, pinfeathers, cuts and tears, disjointed and broken bones, and sores.

(An attempt will be made to use carcasses that do not have dirty heads, bloody heads, dirty carcasses, bloody carcasses, dirty vents, dirty feet, fan feathers on wing tips, garter feathers, feed in crops, incisions for crop removal, green struck crops and vents, and vestigial feathers. However, if these conditions exist, the contestant is to disregard them and grade each carcass ONLY on those points listed in the paragraph immediately preceeding this parenthetical statement).

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, February, 1952, beginning on page 22 shall be used as guide in evaluating a carcass as to the above Individual-Quality Grading Factors.

Letter guides A, B, and C will be used. Classes may contain rejects. The term "reject" shall be used as referring to any carcass, not qualifying for a "letter" grade on the factors listed above.

Each contestant shall use a "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each carcass should fall.

Live Poultry: (100 points) (20 birds)

Time: Two 14 minute periods. Coops shall be numbered from 1 to 20.

The live market birds shall be graded ONLY on feathering, conformation, fleshing, fat covering, and degree of freedom from defects.

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, February, 1952, beginning on Page 8, shall be used as guide in evaluating a bird as to the above Individual-Quality Grading Factors.

Letter grades A, B, and C will be used. Classes may include rejects. The term, "reject" is to include all birds not qualifying for a "letter" grade.

Each contestant shall indicate by "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each bird should fall.

INSTRUCTIONS TO GRADING COMMITTEE

Scoring and Basis for Making Awards

All Five Bird Rings

Contestants' placings shall be scored on a basis of 100 for each ring for agreement with the official placing and a deduction of 10 points for inversion of any two birds. All pairs shall be considered to be "normal" unless designated as "close" or "very close" in the official placings. "Close" and "very close" pairs shall be subject to a deduction as determined by the judging committee, provided they are simply inverted and are not separated by another bird. In the latter case the regular 10-point cut shall apply.

Where numbers are duplicated on contestants card, grade to be given will be based on worst possible combination in reducing the duplication.

If one placing space is left blank on a contestants card, place the missing number in the space and grade the card without penalty.

If one placing space is blank and placing duplications are on the card or if two or more placing spaces are left blank, the card is to be scored zero ("0").

Written material of any nature in placing spaces on card other than posted coop numbers shall constitute an error and the card shall be graded zero ("0").

Individual Bird Selection

Contestants grade to be based on 200 points for agreement with official disposition of birds.

Ten (10) points shall be deducted for keeping a bird subject to rejection or for rejecting a bird that should be kept, and if a bird is rejected by the contestant, and the official disposition is also "rejected" but the contestant indicates the wrong reason for rejection, ten (10) points shall be deducted from his score.

The maximum ten (10) points shall be deducted for each bird error-ed against by entered indications that it should be both kept and re-jected.

Only the first reason listed, reading from left to right, as cause for rejection shall be considered by the grading committee.

Only "Standard of Perfection" terminology as applied to specific disqualifications shall be considered correct.

Egg Grading and Dressed Poultry Grading.

Contestants grading shall be scored on a basis of 200 points for eggs and 200 points for dressed poultry for agreement with official grades.

A three (3) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and inedible or reject is crossed.

If a contestant fails to enter a grade for an egg or dressed carcass, or enters more than one grade for the same egg or dressed carcass the maximum of nine (9) points is to be deducted from his score for each egg or carcass errored against

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the egg or carcass errored against shall be penalized the maximum nine (9) points.

No score to be less than zero.

Live Market Poultry Grading

Contestants grading shall be scored on a basis of a total of 100 points for agreement with official grades.

A four (4) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and reject is crossed.

If a contestant fails to enter a grade for a bird or enters more than one grade for the same bird the maximum of 12 points is to be deducted from his score for each bird errored against.

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the bird errored against shall be penalized the maximum twelve (12) points.

No score to be less than zero.

Breaking Tie Scores

Tie scores shall be broken by the following considerations, in the order given:

- (a) The largest number of 100 scores.
- (b) The largest number of scores below 100 in their order of descent.
- (c) The largest number of top birds correctly placed.
- (d) The largest number of bottom birds correctly placed.
- (e) A method of drawing decided upon by grading committee.

When an alternate has replaced a regular team member during the contest and their combined score merits an award, the one responsible for the greater portion of the score will receive the award.

THIRTY-THIRD ANNUAL
INTERCOLLEGIATE POULTRY JUDGING CONTEST

Nov. 27 & 28, 1956

INFORMATION FOR CONTESTANTS & COACHES

Coaches Meeting: November 26, 9:00 P.M. at St. Clair Hotel in the Fraternity Room.

Time & Place: All judging will be done Tuesday, November 27. The live poultry judging will be done at the Navy Pier - Third floor, right side of main entrance gate. The egg and dressed poultry grading will be at the Fulton Market Cold Storage.

All contestants will be expected to furnish their own transportation in getting to the Navy Pier and the Fulton Market Cold Storage. Transportation will be furnished in moving the groups from one location to another after the judging has started.

Team and Contestant's Numbers: Your team number will be determined at the coaches meeting by drawing numbers. Coaches will assign letters A, B, or C to each of his team members which determines the order of judging. The contestant's number is composed of the team number and the coach's assigned letter. For instance, contestant A of team 6 will have 6A for a contestant's number, and contestant C of team 13 will have 13C for his number.

Cards for recording your placings and decisions will be handed to you in the order that you will use them. You must follow these in the order that they are given to you, working from the top down. Cards for grading the eggs and dressed poultry and those for individual bird selection will be given to you as you need them.

Each contestant will have 14 minutes to judge each class and make his placings. During the first two minutes of each period, all birds must be left in the coops. Monitors will give you a one minute warning and call time when it is time for you to move to the next ring.

Be sure to circle the ring number (it will serve as a check that you are judging the correct ring); write in your name on each card and turn in; and be ready to shift promptly on signal from monitor.

The contest will be made up as follows:

Ring 1 - White Leghorn Production
Ring 2 - White Rock "
Ring 3 - White Leghorn "
Ring 4 - White Rock "
Ring 5 - New Hampshire "

Ring 6 - White Leghorn Breeding Pullets
Ring 7 - White Rock Breeding Pullets
Ring 8 - New Hampshire Breeding Pullets

Egg Grading:

50 eggs graded as A, B, C, or rejects according to U.S. Grades. (45 min.).

Members of each team will grade the same lot of eggs. Remember that rough handling of the eggs will penalize your own team-mates.

Individual Bird Selection:

20 birds, males or females, White Rocks, Barred Rocks, White Leghorns, Rhode Island Reds and/or New Hampshires to be examined for Disqualifications (45 minutes.) You are to show whether the birds do or do not have disqualifications and give the disqualification found, if any.

Eviscerated Poultry:

50 eviscerated birds, 25 fowl and 25 broilers, to be graded according to U.S. Grades. (45 minutes.) The birds must not be handled except by holding the shackles.

Live Market Poultry:

20 live market fowl. (28 minutes.) Graded according to U. S. Grades.

Tour:

The Chicago Committee has arranged an interesting tour for Wednesday, November 28. Further information will be given out at coaches meeting. The tour will end at the Stock Yards shortly after lunch where you will have a chance to see the Livestock Show. Again this year all coaches and contestants may go on the tour and see the show.

Contest Results:

You are expected to attend the banquet, Toffenetti's Restaurant, 6:00 P.M., November 28. Results will be announced and the awards made at that time. Come prepared for a good time.

Minutes of Coaches meeting, Intercollegiate Poultry Judging Contest
Chicago, Illinois, St. Clair Hotel, November 26, 1956

The meeting was called to order by Dr. E. E. Schnetzler, contest manager. Since minutes of the previous meeting had been mailed to coaches in advance, reading and approval of the minutes were dispensed with.

Cards for use by contestants were handed to coaches; the method of procedure explained; and previous agreements and rulings reviewed.... Members of the Individual Bird Selection Committee were asked to be liberal in their interpretation of the wording used by contestants in describing the disqualifications found, and they agreed to do so..... Rules for grading and placing of all classes were reviewed, and explanations made on how rechecking of classes is done as a means of avoiding possible errors.

John Spencer moved and Ray Morrison seconded a motion that any incision made on the carcass for the purpose of removal of viscera shall not be considered as a tear or cut even though it may extend to a meaty part of the carcass. Motion carried..... E. T. Wightman moved and Cecil Roberts seconded a motion that the Dressed Poultry Committee not be permitted to dip dressed carcasses in water prior to the time they are to be graded by contestants. Motion carried.... Ray Morrison moved and Albert Adams seconded a motion that vestigial feathers or filoplumes on dressed carcasses be disregarded in giving the official grade to carcasses. Motion carried.

The merits of the Pullet Breeder classes were discussed at length, with coaches expressing a general dissatisfaction with them as they are now set up. In the hopes of improving this phase of the contest, Ray Morrison moved and Bob Penquite seconded a motion that in future contests, that breed characteristics be disregarded, and that production factors, and meat quality be used instead, depending upon the type of class being judged. Motion carried.

Upon motion of ✓ Bob Penquite and seconded by ✓ George Jaap, it was moved that instead of the five rings of yearling hens and the three classes of breeder pullets now used, that for the following year, the classes be changed to include the following:

- 3 classes of egg-type yearling hens.
- 2 classes of egg-type pullets.
- 3 classes of meat-type pullets.

The pullet classes shall have been hatched prior to March 1, and to be of the same age, and have kept under the same environmental conditions. Motion carried, 13 to 4.

Coaches were asked to give considerable thought to improvement of the tour and to write any suggestions they may have to members of the Chicago Committee in time for changes to be incorporated into plans for the new tour.

Upon motion of Q. B. Kinder and seconded by George Jaap, it was agreed that pictures could be taken of contestants in action during the contest on Tuesday.

There being no further business the meeting adjourned.

Subject: Committee Report To
Date on Arrangements

Dear Friend:

Here is a recap of committee arrangements to date (via telephone) and information regarding the 33rd Annual Inter-Collegiate Poultry Judging Contest, November 27 and 28.

1. Schnetz has all arrangements underway for the judging contest - Tuesday - November 27.
2. Clarence Haines is working on plans for the tour for the teams and coaches - Wednesday - November 28.
3. The Scotch Irish Room - Toffenetti's Restaurant - 72 West Randolph Street - is reserved for the banquet. (This means a saving in cost and expected improvement in service as compared to the Sherman last year.)
4. Presentation of the awards to the contestants will start promptly at 6:00 P.M. followed with the dinner at 6:30 P.M. - Wednesday - November 28.
5. Prof. J. G. Halpin has been contacted to have the honor of presenting the awards to the contestants at the banquet. He wants very much to do this job, but has a conflicting date on November 28 -- but there is a chance he can make the banquet.
6. Ed Griffin has the important job under way of soliciting funds to help defray part of the expenses.

More details later.....

Sincerely,

L. G. Neel

IMPORTANT

September 30, 1957

To All Coaches:

Please note the following changes in the rings of birds to be included in this year's Intercollegiate Poultry Judging Contest:

- Ring 1 - Egg Type Production Yearling Hens
- Ring 2 - Egg Type Production Yearling Hens
- Ring 3 - Egg Type Production Yearling Hens
- Ring 4 - Egg Type Production Pullets
- Ring 5 - Egg Type Production Pullets

You will note that these changes exclude the use of any heavy breeds in the above classes; also that this now makes it possible to include egg production type birds even though they could not be classified as a pure White Leghorn. This, however, does not exclude the use of White Leghorns in these rings. It is impossible to provide you with information at this time with regard to the number of pure White Leghorn rings or the number of rings that may be crosses of the Leghorn type. You will note from your minutes that this change in these production rings was voted in at the last coaches meeting.

Because of the substitution this year of three classes of meat type pullets for the three rings of breeding pullets, it will be necessary to divide the contest as follows:

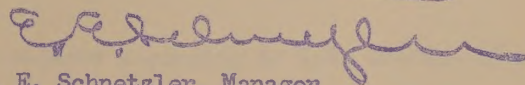

Production Judging - 500 points, will include five rings numbers 1 through 5.

Breed Selection - 500 points, will include Rings 6, 7, and 8, and the Individual Bird Selection.

Market Production Judging - 500 points, will include
Egg Grading - 200 points
Dressed Poultry - 200 points
Live Market Poultry - 100 points

If you have any questions, I shall be glad to help you.

Very truly yours,

E. E. Schnetzler, Manager
Intercollegiate Poultry Judging Contest

THIRTY-FOURTH ANNUAL
INTERCOLLEGIATE POULTRY JUDGING CONTEST

Dec. 3 & 4, 1957

INFORMATION FOR CONTESTANTS & COACHES

Coaches Meeting: December 2, 8:00 P.M. at St. Clair Hotel in the Fraternity Room.

All judging will be done Tuesday, December 3. The live poultry judging will be at the Navy Pier - Third floor, right side of main entrance gate. The egg and dressed poultry grading will be at the Fulton Market Cold Storage.

All contestants will be expected to furnish their own transportation in getting to the Navy Pier and the Fulton Market Cold Storage. Transportation will be furnished in moving the groups from one location to another after the judging has started.

Team and Contestant's Numbers: Your team number will be determined at the coaches meeting by drawing numbers. Coaches will assign letters A, B, or C to his team members which will determine the order of judging. (See schedule pages 2 & 3.) The contestant's number is composed of the team number and the coach's assigned letter. For instance, contestant A of team 6 will have 6A for a contestant's number, and contestant C of team 13 will have 13C for his number.

Cards for recording placings will be provided for each contestant. These will be arranged in the order that they will be used. You must follow these in this order, working from the top down. Cards for grading the eggs and dressed poultry and those for individual bird selection will be given to you as you need them.

Each contestant will have 14 minutes to judge each class and make his placings. During the first two minutes of each period, all birds must be left in the coops. Monitors will give you a one minute warning and call time when it is time for you to move to the next ring. The twenty Live Market Fowl are considered two rings -- thus 14 minutes for each 10 birds.

Be sure to circle the ring number (it will serve as a check that you are judging the correct ring); write in your name on each card and turn in; and be ready to shift promptly on signal from monitor.

The contest will be made up as follows:

- Ring 1 - White Leghorn or Leghorn Cross Production Yearling Hens
- Ring 2 - White Leghorn or Leghorn Cross Production Yearling Hens
- Ring 3 - White Leghorn or Leghorn Cross Production Yearling Hens
- Ring 4 - White Leghorn or Leghorn Cross Production Pullets
- Ring 5 - White Leghorn or Leghorn Cross Production Pullets

- Ring 6 - Market Type Breeding Pullets
- Ring 7 - " " " "
- Ring 8 - " " " "

Egg Grading:

50 eggs graded as A, B, C, or rejects according to U.S. Grades. (45 min.)

Members of each team will grade the same lot of eggs. Remember that rough handling of the eggs will penalize your own team-mates.

Individual Bird Selection:

20 birds, males or females, White Rocks, Barred Rocks, White Leghorns, Rhode Island Reds and/or New Hampshires to be examined for Disqualifications (45 minutes.) You are to show whether the birds do or do not have disqualifications and give the disqualification found, if any.

Eviscerated Poultry:

50 eviscerated birds, 25 fowl and 25 broilers, to be graded according to U.S. Grades. (45 minutes) The birds must not be handled except by holding the shackles.

Live Market Poultry:

20 live market fowl. (28 minutes) Graded according to U. S. Grades.

Tour:

The Chicago Committee has arranged for an interesting tour for Wednesday morning, December 4. Further information will be given out at coaches meeting. The afternoon will be free time for you to attend the Livestock Show if you wish.

Contest Results:

You are expected to attend the banquet, Toffenetti's Restaurant, 6:00 P.M., December 4. Results will be announced and the awards made at that time.

Recommendations for Placing Meat Type Breeding Pullets

The birds be white or near-white and that contestants give no regard to plumage color in making their places.

Meat conformation be given the most weight, possibly up to 75% of the total, and that production qualities be given the balance, or about 25%.

No standard disqualifications be considered in placing the classes, except in the matter of shank pigment color, which the Committee felt is of considerable value in evaluating market acceptability.

Foot and toe deformities be disregarded in making of placings, and that special care be used in selecting birds for the contest that are free of such defects.

USDA terminology for Live Market Grades be used as a basis for placing birds, with diseases such as roup not to be a factor. In other words, insist on healthy birds.

In general it was the feeling of the Committee that contestants should be urged to place the birds first on body conformation for meat quality, then to break the close ones with the factors relating to production qualities.

MINUTES OF COACHES MEETING
34th INTER-COLLEGIATE POULTRY JUDGING CONTEST
CHICAGO, ILLINOIS - ST. CLAIR HOTEL
DECEMBER 2, 1957

The meeting was called to order by Dr. E. E. Schnetzler, Contest Manager.

Drawings were made for team assignments and contest arrangements explained by the contest manager.

Cards for use by contestants were handed to the coaches with directions as to how they were to be filled out.

Directions to both the Navy Pier and the Fulton Market Cold Storage Plant were given as follows:

The Navy Pier - Located at the end of Grand Avenue. The judging was to take place on the third floor.

The Fulton Market Cold Storage Plant - Located at 1000 Fulton Street, on the corner of Fulton and Morgan Streets.

It was recommended by Dr. Schnetzler, and the group agreed, that the alternate would go with Group C and see as much of the contest as was possible, without actually handling any of the products.

The committee chairman explained the scoring procedure for the three phases of the contest.

The individual bird selection grading committee were advised that it was up to them whether or not a bird should be re-checked by the original committee for the presence of a standard disqualification.

Penquite moved, and Long seconded, that any dubbed birds in the individual bird selection class should be indicated on the sign of the cage in which that bird is located. This motion was passed.

In the meat-type breeder pullet classes, Morrison moved, and Long seconded, that the birds be placed first on their meat qualities, with production being used to break close birds. This motion was passed.

Morrison moved, and Marble seconded, that pin feathers and bare backs be ignored in the meat-type breeder pullet classes. This motion was passed.

In the market products division, under dressed birds, the interpretation of protruding pin feathers was to be the same as that indicated in the U.S.D.A. handbook #31. Under bruises of the dressed birds, since the contestants cannot handle the birds, the bruise will have to be scored as a skin bruise if there is sufficient damage to prevent the judge from seeing the underlying flesh.

Adams moved, and Penquite seconded, that a committee, under the chairmanship of Kinder, be appointed to make up a score card for the three meat-type breeder pullet classes. This motion was passed.

The market products committee recommended that Grade C eggs be purchased from local sources with the exterior quality being disregarded. No action was taken on this recommendation.

The meeting was adjourned at 10:45 P.M.

Respectfully submitted,

D. W. Talmadge
Secretary

Re: Up-To-Date Arrangement Committee Report
34th Annual Intercollegiate Poultry Judging Contest
December 3 & 4, 1957.

Here is the latest information on committee arrangements regarding the 34th Annual Intercollegiate Poultry Judging Contest, December 3 and 4.

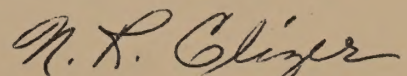

- (1) Dr. Schnetzler has everything underway for the judging to be done on Tuesday, December 3.
- (2) A streamlined tour ending at noon is scheduled for December 4 - Clarence Haines and Dale Schillington have definite plans underway. (Probably Merchandise Mart - Prudential Bldg., and Board of Trade Bldg.)
- (3) The Banquet will be held at the same place as last year - The Scotch-Irish Room - Toffenetti's Restaurant, 72 West Randolph St., Chicago, Illinois.
- (4) The presentation of awards will start promptly at 6:00 P.M. following with dinner at 6:30 P.M., Wednesday evening, December 4.

Dr. H. M. Scott, University of Illinois, will make the presentation of awards. This task is in good hands since no one person has been closer to Poultry Judging than Dr. Scott and we know it holds a warm spot in his heart.

Frank Wollney will serve as Master of Ceremonies; and Bill Diamond, along with the accodianist, Betty Young, will take care of songs and music.

Ed Griffin has almost completed his job of solicitation of funds; 24 firms (80%) have sent in their checks with 6 more yet to report.

If you have any questions please let me know. Plans to date look good for an excellent contest - tour - and banquet!

- 8:30 a.m. Meet at the Mercantile Exchange Building, 110 N. Franklin at the corner of Washington and Franklin Streets. (See attached map for location of Mercantile Exchange Building.) Here you will get a brief accounting of trading in commodities at the Mercantile Exchange, and you will have an opportunity to see actual trading on the floor.
- 9:40 a.m. Leave the Mercantile Exchange Building for Board of Trade Building. Enter Board of Trade Building at the La Salle Street entrance. (See attached map for location of Board of Trade Building.) Hear the "Story Of The Market." After hearing the story, you will be invited to observe trading on the floor.
- 10:45 a.m. Leave Board of Trade Building for the Prudential Building at intersection of Randolph Street and Michigan Avenue. This is the newest, most modern skyscraper in Chicago. You will be given an opportunity to inspect new office accommodations in the Prudential Building and to see the City of Chicago and Lake Michigan from the Observation Room at the top of the building.
- 12:00 At the request of the majority of the coaches, the group will be released at 12:00 to go to the International Live Stock Exposition in the afternoon.

THIRTY-FIFTH ANNUAL
INTERCOLLEGIATE POULTRY JUDGING CONTEST

Dec. 2 & 3, 1958

INFORMATION FOR CONTESTANTS & COACHES

Coaches Meeting: December 1, 9:00 P.M. at St. Clair Hotel in the Fraternity Room.

All judging will be done Tuesday, December 2. The live poultry judging and egg grading will be at the Amphitheater, 3rd floor Balcony, International Live Stock Show. The dressed poultry grading will be at Swifts wholesale market, six blocks from the Amphitheater.

All contestants will be expected to furnish their own transportation in getting to the Amphitheater and to Swift's wholesale market. These two points are within walking distance. Sufficient time will be allowed for walking in moving from either of these points.

Team and Contestant's Numbers: Your team number will be determined at the coaches meeting by drawing numbers. Coaches will assign letters A, B, or C to his team members which will determine the order of judging. (See schedule pages 2 & 3.) The contestant's number is composed of the team number and the coach's assigned number, and contestant C of team 13 will have 13C for his number.

Cards for recording placings will be provided for each contestant. These will be arranged in the order that they will be used. You must follow these in this order, working from the top down. Cards for grading the eggs and dressed poultry and those for individual bird selection will be given to you as you need them.

Each contestant will have 14 minutes to judge each class and make his placings. During the first two minutes of each period, all birds must be left in the coops. Monitors will give you a one minute warning and call time when it is time for you to move to the next ring. The twenty Live Market Fowl are considered two rings -- thus 14 minutes for each 10 birds.

Be sure to circle the ring number (it will serve as a check that you are judging the correct ring); write in your name on each card and turn in; and be ready to shift promptly on signal from monitor.

The contest will be made up as follows:

Ring 1 - White Leghorn or Leghorn Cross Production Yearling Hens
Ring 2 - White Leghorn or Leghorn Cross Production Yearling Hens
Ring 3 - White Leghorn or Leghorn Cross Production Yearling Hens
Ring 4 - White Leghorn or Leghorn Cross Production Pullets
Ring 5 - White Leghorn or Leghorn Cross Production Pullets

Ring 6 - Market Type Breeding Pullets
Ring 7 - Market Type Breeding Pullets
Ring 8 - Market Type Breeding Pullets

Egg Grading:

50 eggs graded as A, B, C, or rejects according to U.S. Grades. (45 min.)

Members of each team will grade the same lot of eggs. Remember that rough handling of the eggs will penalize your own team-mates.

Individual Bird Selection:

20 birds, males or females, White Rocks, Barred Rocks, White Leghorns, Rhode Island Reds and/or New Hampshires to be examined for Disqualifications (45 minutes.) You are to show whether the birds do or do not have disqualifications and give the disqualification found, if any.

Eviscerated Poultry:

50 eviscerated birds, 25 fowl and 25 broilers, to be graded according to U.S. Grades. (45 minutes). The birds must not be handled except by holding the shackles.

Live Market Poultry:

20 live market fowl. (28 minutes) Graded according to U. S. Grades.

Tour:

The Chicago Committee has arranged for an interesting tour for Wednesday morning, December 3. Further information will be given out at coaches meeting. The afternoon will be free time for you to attend the Livestock Show if you wish.

Contest Results:

You are expected to attend the banquet, Toffenetti's Restaurant, 6:00 P.M., December 3. Results will be announced and the awards made at that time.

Re: Up-To-Date Arrangement Committee Report
35th Annual Intercollegiate Poultry Judging Contest
December 2 & 3, 1958.

Here is the latest information on committee arrangements regarding the 35th Annual Intercollegiate Poultry Judging Contest, December 2 and 3.

- (1) Dr. Schnetzler has everything underway for the judging to be done on Tuesday, December 2. Judging of live birds and eggs will take place at the Livestock Show and dressed poultry at Swift's Wholesale Market.
- (2) A streamlined tour ending at noon is scheduled for December 3. Clarence Haines and Dale Schillington have definite plans underway. (Merchandise Mart - Board of Trade Bldg. and Prudential Bldg.)
- (3) The Banquet will be held the evening of the 3rd at the same place as last year - The Scotch - Irish Room - Toffenetti's Restaurant, 72 West Randolph St., Chicago, Illinois.
- (4) The presentation of awards will start promptly at 6:00 P.M. followed with dinner at 6:30 P.M.,

Dr. H. R. Bird, University of Wisconsin, will make the presentation of awards.

Orville Cockrel will serve as Master of Ceremonies; and Bill Diamond, along with the accordianist, Betty Young, will take care of songs and music.

Regarding solicitations, Ed Griffin, reports that he has received two-thirds of the goal, \$945.00 and anticipates no problem in raising the total amount. Sixteen firms have contributed to date.

If you have any questions please let me know. Plans to date look good for excellent contest - tour - and banquet!

MINUTES OF COACHES MEETING
35TH INTER-COLLEGIATE POULTRY JUDGING CONTEST
CHICAGO, ILLINOIS - ST. CLAIR HOTEL
December 1, 1958
9:00 a. m.

The meeting was called to order by Dr. E. E. Schnetzler, Contest Manager.

Drawings were made for team assignments and contest arrangements explained by the contest manager.

Cards for use by contestants were handed to the coaches with directions as to how they were to be filled out.

Dr. Schnetzler explained that the live bird judging was to be held on the second floor balcony of the amphitheater of the International Live Stock Show and that the dressed birds were to be judged at Swift's Wholesale Packing Plant.

Morrison moved and Thornton seconded that the rules and regulations on page five for dressed poultry be changed as follows:

The paragraph indicating the positive characters to judge for in ready-to-cook poultry be eliminated and the rules starting with the Poultry Grading Manual U. S. D. A. be used as is with the addition of the following statement:

" A' Filoplumes, mechanical abrasives and discoloration due to drying be disregarded.

Individual Bird Selection

Morrison made the motion and Bray seconded it that slip wings be added to the list of characteristics not to be considered in classifying individuals.

The term MEAT TYPE BREED PULLETS BE USED INSTEAD OF MARKET TYPE BREED PULLETS.

Meeting was adjourned at 10:00 p.m.

Respectfully submitted,

D. W. Talmadge

POULTRY JUDGING CONTEST

Rules and Regulations

INTERCOLLEGIATE POULTRY JUDGING CONTEST

Place and Date: Chicago, Illinois, on Tuesday and Wednesday after Thanksgiving, unless decided otherwise by a two-thirds vote of the institutions directly concerned. For many years there has been a market tour the day preceding or the day after the day of the contest. Announcement regarding the tour will be made through the contest management.

Room reservations are usually made for teams at a designated hotel; however, it is not mandatory that teams stay at the designated hotel.

Organization of the Contest: The contest shall consist of three divisions, namely: Production Judging; Breed Selection; and Market Products Grading. Each division having a total value of 500 points. A perfect all-around individual score will, therefore, be 1500 points, and a perfect all-around team score will be 4500 points.

Eligibility of Contestants: Each team shall consist of three team members and one team alternate.

Membership on a team is open to any undergraduate student regularly enrolled in the four year course of the institution who has been in attendance at the institution he represents for at least one full year and who at the time of the competition is regularly enrolled in the college where he has completed one year's work and whose work in his classes is of a passing grade. No student is eligible to compete more than one school year. The instructor or coach in charge of each team shall be responsible for the eligibility and credentials of that team.

Team alternate is not considered as having entered competition, except as indicated in the following paragraph.

If a team member becomes incapacitated during the contest the team alternate shall be permitted to take his place. Both of these contestants will become ineligible for future competition.

Contest Procedure: The contest will commence at a time and date chosen by the Manager.

Contestants shall handle all birds, eggs and carcasses with care.

Each contestant shall be required to write his placings on a card which will be provided. He shall also indicate on the card his name, his team, and the class of birds being judged. The card shall be handed to the monitor at the end of the period allotted as the contestant shifts to the next ring.

Under no circumstance will any monitor advise or inform a contestant of an error (duplication or deletion) made by the contestant on his card or cards.

After the contest has started no contestant shall be permitted to communicate with any person except the monitor in charge of his group or in charge of the ring with which he is immediately concerned.

As placing cards are turned in by contestants at the close of each period, they shall be delivered to the grading committee for scoring and tabulating.

Placing cards are "closed" to examination by anyone during the interim between contestant and grading committee.

No persons other than the members of the grading committee and the manager of the contest shall have access to any of the scores or placings until they are publicly announced.

Team alternates will not be admitted to any part of the contest while the contest is in progress, except under supervision of a special monitor as arranged for by the contest manager, and under his specific instructions as to procedure.

Official placings will not be posted at the end of the contest.

Committees: The manager of the contest shall appoint the following committees of coaches or other college representatives, whose duties shall be as indicated and whose decisions as committees shall be final:

- 1 - Judging committees consisting of three members shall make selections for production rings; make the official placings of the breeding pullet rings; pass upon the qualifications of birds of "Individual Bird Selection" section; grade live market birds; and grade the eggs and the dressed Market Poultry. The membership of these committees shall rotate from year to year, the general plan being for one member to be replaced each year, and for each new member to serve for a three-year term.
- 2 - A committee of monitors who shall have supervision of the contestants during the contest period. It shall be their duty to see that no communication takes place between contestants or between contestants and outside persons, except in the presence of a monitor or the contest manager, and then only for unusual reasons. The chairman of this committee shall designate one member to act as time-keeper. He shall also arrange for immediate delivery of the placing cards to the grading committee as contestants turn them in.
- 3 - A grading committee of five or more members who shall score each placing card, and tabulate the individual and team scores by divisions and for the contest as a whole. This committee shall consider its proceedings as "closed" to all persons except the contest manager until such time as the results are publicly announced.
- 4 - A committee on arrangements consisting of the contest manager, and as many others as may seem necessary or desirable, (number to be determined by the manager) to make all arrangements for the contest, including the exact place, necessary tables and coops, rings of poultry, market eggs, prizes, headquarters hotel for the teams, the tour and the banquet following the contest.

Amendments: Rules and regulations may be amended by a two-thirds vote of the coaches present at a regular meeting which shall be held annually during the contest. They may also be amended by a two-thirds vote by mail of the institutions to be represented in any contest, provided such vote is completed in time to be announced to all competing institutions at least thirty days prior to the contest. Amendments made at coaches meetings during a contest will not apply to that contest but shall become effective the next contest held.

Division I - PRODUCTION JUDGING

(500 points)

(5 bird rings)

Time: 14 minutes for placing each ring of birds.

Coops shall be numbered from 1 to 5.

There shall be three classes of egg-type yearling hens, and two classes of egg type pullets.

The production rings shall be composed of yearling hens and placed in the order of total egg production, including all eggs from the time of first egg until shipped to the contest. Each ring shall have been selected to conform with the following specifications insofar as possible:

- (a) The five birds shall be hatched at about the same time, preferably within a range of two weeks.
- (b) All five birds shall have started to lay within a range of 1 month.
- (c) All five birds shall have been given similar rations and housing conditions.
- (d) Each pair shall differ by a minimum of 20 eggs and preferably 25 eggs, in total egg production.
- (e) In the selection of hens, no attempt is to be made to choose "placeable" rings. Official placings are to be made in the order of actual egg records, without regard to the appearance or handling quality of the birds so long as all are in good physical condition. Intentional use of birds in poor health will be avoided in setting up these rings.

The pullet classes shall be made up of individuals of the same age; hatched prior to March 1; and kept under the same environmental conditions.

Division II - BREED SELECTION

(500 points)

(A) Market Type Breeding Pullets:

(300 points)

(5 bird rings)

Time: 14 minutes for placing each ring of birds.

Coops shall be numbered from 1 to 5.

This division will consist of three classes of Market Type Breeding Pullets.

The following score card shall be used in placing these classes. Classes of meat type breeding birds should be from pullets 6 to 9 months of age. Egg Production, breed and plumage color are not to be considered in making placings. Classes should be so selected as to not have conflicting defects in some class.

Meat confirmation	(75)
Fleshing of breast & legs	50
Length, depth & width of keel	25
Freedom from defects	(25)
Breast Blister - Maximum cut	10
Crooked breast - Maximum cut	10
Green shanks, crooked toes	
and pins - Maximum cut	5

100

(B) Individual Bird Selection: (200 points) (20 birds) Time: 30 minutes

Coops shall be numbered from 1 to 20.

This section shall consist of any combination of cock, hens, and/or cockerels and pullets at least six months of age of White Rocks, Barred Rocks, White Leghorns, Single Comb Rhode Island Reds, and New Hampshires.

All specimen should be well developed and apparently with good physical condition and health so that these factors need not be considered in classifying individuals.

The coops will be clearly labeled giving breed, sex and approximate age in months, e. g., New Hampshire cockerel, Age: 8 months.

The decision for keeping or rejecting an individual bird should be based entirely on the presence or absence of standard disqualifications. A disqualification need not be too obvious but on the other hand, it should be definite and therefore not a matter of judgment about which qualified individuals would differ. When disqualifying a bird, contestant will write the specific disqualification on his card.

Only one disqualification is necessary for rejection and if more than one is listed by the contestant, the grading committee will consider only the item listed first, reading from left to right, as the contestant's intended reason for rejection.

(Health and vigor, debeaking, weight, clipped wings, iritis, crooked keel, knock knees, and squirrel and wry tail are not to be considered in classifying individuals).

Division III - MARKET PRODUCTS JUDGING (500 points)

Egg Grading (200 points) (50 eggs) Time: 45 minutes

Eggs shall be numbered from 1 to 50.

The market eggs shall be graded ONLY according to the size of air cell, condition of yolk, condition of white, germ development and size of possible blood and meat spots.

(Use of eggs with blood and meat spots too small to reject the egg, bubbly air cells, movable air cells, and stuck yolks shall be avoided in setting up egg classes. However, should any of these conditions exist, they are to be disregarded by contestants).

U.S. Standards for quality of individual shell eggs shall be used as guide regarding above listed quality factors.

Letter grades A, B, and C will be used. Classes may contain rejects. (Reject will refer to any egg not qualifying for a "letter" grade on the points listed).

Each contestant shall indicate by "check symbol" ONLY in correct columns on the card the grade in which he believes each egg should fall.

Forty-watt frosted light bulbs will be used.

Members of each team will grade the same lot of eggs.
A comparable lot will be set up for each team.

Dressed Poultry (200 points) (50 ready-to-cook carcasses, 25 fowl and
25 broilers).

Carcasses shall be numbered from 1 to 50. Time: 45 minutes.

The ready-to-cook poultry shall be graded ONLY on conformation or deformities, fleshing, fatness, pinfeathers, cuts and tears, disjointed and broken bones, and sores.

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, 1956, beginning on page 9 shall be used as guide in evaluating a carcass as to the above Individual-Quality Grading Factors.

Letter guides A, B, and C will be used. Classes may contain rejects. The term "reject" shall be used as referring to any carcass, not qualifying for a "letter" grade on the factors listed above.

Each contestant shall use a "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each carcass should fall.

Live Poultry: (100 points) (20 birds)

Time: Two 14 minute periods. Coops shall be numbered from 1 to 20.

The live market birds shall be graded ONLY on feathering, conformation, fleshing, fat covering, and degree of freedom from defects.

Poultry Grading Manual, U.S.D.A. Production and Marketing Administration, Poultry Branch, Agriculture Handbook No. 31, May, 1956, beginning on Page 4, shall be used as guide in evaluating a bird as to the above Individual-Quality Grading Factors.

Letter grades A, B, and C will be used. Classes may include rejects. The term, "reject" is to include all birds not qualifying for a "letter" grade.

Each contestant shall indicate by "check symbol" ONLY in the correct column on the card to indicate the grade in which he believes each bird should fall.

INSTRUCTIONS TO GRADING COMMITTEE

Scoring and Basis for Making Awards

All Five Bird Rings

Contestants' placings shall be scored on a basis of 100 for each ring for agreement with the official placing and a deduction of 10 points for inversion of any two birds. All pairs shall be considered to be "normal" unless designated as "close" or "very close" in the official placings. "Close" and "very close" pairs shall be subject to a deduction as determined by the judging committee, provided they are simply inverted and are not separated by another bird. In the latter case the regular 10-point cut shall apply.

Where numbers are duplicated on contestants card, grade to be given will be based on worst possible combination in reducing the duplication.

If one placing space is left blank on a contestants card, place the missing number in the space and grade the card without penalty.

If one placing space is blank and placing duplications are on the card or if two or more placing spaces are left blank, the card is to be scored zero ("0").

Written material of any nature in placing spaces on card other than posted coop numbers shall constitute an error and the card shall be graded zero ("0").

Individual Bird Selection

Contestants grade to be based on 200 points for agreement with official disposition of birds.

Ten (10) points shall be deducted for keeping a bird subject to rejection or for rejecting a bird that should be kept, and if a bird is rejected by the contestant, and the official disposition is also "rejected" but the contestant indicates the wrong reason for rejection, ten (10) points shall be deducted from his score.

The maximum ten (10) points shall be deducted for each bird errored against by entered indications that it should be both kept and rejected.

Only the first reason listed, reading from left to right, as cause for rejection shall be considered by the grading committee.

Only "Standard of Perfection" terminology as applied to specific disqualifications shall be considered correct.

Egg Grading and Dressed Poultry Grading

Contestants grading shall be scored on a basis of 200 points for eggs and 200 points for dressed poultry for agreement with official grades.

A three (3) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and inedible or reject is crossed.

If a contestant fails to enter a grade for an egg or dressed carcass, or enters more than one grade for the same egg or dressed carcass the maximum of nine (9) points is to be deducted from his score for each egg or carcass errored against.

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the egg or carcass errored against shall be penalized the maximum nine (9) points.

No score to be less than zero.

Live Market Poultry Grading

Contestants grading shall be scored on a basis of a total of 100 points for agreement with official grades.

A four (4) point deduction shall be made for each grade separation line crossed. This same cut shall apply when line between "C" grade and reject is crossed.

If a contestant fails to enter a grade for a bird or enters more than one grade for the same bird the maximum of 12 points is to be deducted from his score for each bird errored against.

Written material of any nature in spaces on cards under grades and reject other than a "check symbol" shall constitute an error and the bird errored against shall be penalized the maximum twelve (12) points.

No score to be less than zero.

Breaking Tie Scores

Tie scores shall be broken by the following considerations, in the order given:

- (a) The largest number of 100 scores.
- (b) The largest number of scores below 100 in their order of descent.
- (c) The largest number of top birds correctly placed.
- (d) The largest number of bottom birds correctly placed.
- (e) A method of drawing decided upon by grading committee.

When an alternate has replaced a regular team member during the contest and their combined score merits an award, the one responsible for the greater portion of the score will receive the award.

THIRTY-SIXTH ANNUAL
INTERCOLLEGIATE POULTRY JUDGING CONTEST

Dec. 1 & 2, 1959

INFORMATION FOR CONTESTANTS AND COACHES

Coaches Meeting: November 30, 9:00 P.M. at St. Clair Hotel in the Fraternity Room.

All judging will be done Tuesday, December 1. The live poultry judging, egg grading, and the dressed poultry grading will be at Navy Pier, 2nd Floor.

All contestants will be expected to furnish their own transportation in getting to the Navy Pier.

Team and Contestant's Numbers: Your team number will be determined at the Coaches meeting by drawing numbers. Coaches will assign letters A, B, or C to his team members which will determine the order of judging. (See schedule pages 2 & 3.) The contestant's number is composed of the team number and the coach's assigned number, and contestant C of team 13 will have 13C for his number.

Cards for recording placings will be provided for each contestant. These will be arranged in the order that they will be used. You must follow these in this order, working from the top down. Cards for grading the eggs and dressed poultry and those for individual bird selection will be given to you as you need them.

Each contestant will have 14 minutes to judge each class and make his placings. During the first two minutes of each period, all birds must be left in the coops. Monitors will give you a one minute warning and call time when it is time for you to move to the next ring. The twenty Live Market Fowl are considered two rings -- thus 14 minutes for each 10 birds.

Be sure to circle the ring number (it will serve as a check that you are judging the correct ring); write in your name on each card and turn in; and be ready to shift promptly on signal from monitor.

The contest will be made up as follows:

- Ring 1 - Egg Type Production Yearling Hens
- Ring 2 - Egg Type Production Yearling Hens
- Ring 3 - Egg Type Production Yearling Hens
- Ring 4 - Egg Type Production Pullets
- Ring 5 - Egg Type Production Pullets
- Ring 6 - Meat Type Breed Pullets
- Ring 7 - Meat Type Breed Pullets
- Ring 8 - Meat Type Breed Pullets

Egg Grading:

50 eggs graded as A, B, C, or rejects according to U.S. Grades. (45 min.)

Members of each team will grade the same lot of eggs. Remember that rough handling of the eggs will penalize your own team-mates.

Individual Bird Selection:

20 birds, males or females, White Rocks, Barred Rocks, White Leghorns, Rhode Island Reds and/or New Hampshires to be examined for Disqualifications (45 minutes.) You are to show whether the birds do or do not have disqualifications and give the disqualification found, if any.

Eviscerated Poultry:

50 eviscerated birds, 25 fowl and 25 broilers, to be graded according to U.S. Grades. (45 minutes). The birds must not be handled except by holding the shackles.

Live Market Poultry:

20 live market fowl. (28 minutes.) Graded according to U. S. Grades.

Tour:

The Chicago Committee has arranged for an interesting tour for Wednesday morning, December 2. Further information will be given out at coaches meeting. The afternoon will be free time for you to attend the Livestock Show if you wish.

Contest Results:

You are expected to attend the banquet, Toffenetti's Restaurant, 6:00 P.M., December 2. Results will be announced and the awards made at that time.

ORDER OF JUDGING

Contestant A of all teams - Report to Navy Pier, 2nd Floor at 8:45 sharp, December 1.

Minutes of Meeting of Coaches
Intercollegiate Poultry Judging

The meeting was called to order at 9:00 p.m. on November 30, 1959 in the North Room of the St. Clair Hotel of Chicago by Dr. E. E. Schnetzler.

Moved by Morrison, seconded by Parnell that Scott Hinnels be elected secretary of the group of coaches, motion carried.

Minutes of previous meeting were approved without reading.

Numbers designating team positions in judging contest for December 1 were drawn.

Moved by Kinder, seconded by Morrison that any liberal interpretation of the "Standard of Perfection" for standard disqualifications that would be acceptable by a majority of coaches on the grading committee would be used in the 1959 contest. Motion carried.

Moved by Kinder, seconded by Kinney that if one placing be omitted the grade should be cut twenty points after the omitted placing shall have been substituted and the class graded with no score being given less than zero. (Interpretation of mechanics--insert missing number, grade card, subtract 20 points).

Moved by Morrison, seconded by Parnell, that a committee of five be set up as yearling production class in order that it may be substituted for the one that did not arrive. This class is to be placed on physical characteristics. Motion carried.

Moved by Gilbreath, seconded by Hutto that if the yearling hen class is not available a class of egg type pullets be set up. Motion carried.

Moved by Kinder, seconded by Murphy that a committee be appointed to study and report back the possibilities of including a visual broken out section to replace the brown egg portion of the egg grading section. Motion carried.

Moved by Night, seconded by Spencer that a committee be appointed to bring up to date all old rules and regulations that are applicable to present contests with the purpose in mind of compiling a type of handbook that would be helpful for young coaches (and old veterans as well). The secretary shall be responsible for appointing this committee for aiding in this activity. Motion carried.

Dr. Schnetzler then explained the plans for the Wednesday morning tour.

Moved by Kinder, seconded by Parnell that the meeting adjourn. Motion carried.

Re: Up-To-Date Arrangement Committee Report
36th Annual Intercollegiate Poultry Judging Contest
December 1 and 2, 1959.

Here is the latest information on committee arrangements regarding the 36th Annual Intercollegiate Poultry Judging Contest, December 1 and 2.

- (1) Dr. Schnetzler has things well underway for the judging to be done on Tuesday, December 1. Final details are now being completed.
- (2) A streamlined tour and program ending at noon is scheduled for December 2. Clarence Haines and Dale Schillington have definite plans underway and details will reach you shortly. Oscar Day will have charge of the tour through Wilson & Co. and the Prudential Building.
- (3) The Banquet will be held the evening of the 2nd at the same place as last year - the Scotch - Irish Room - Toffenetti's Restaurant, 72 West Randolph St., Chicago, Illinois.
- (4) The presentation of awards will start promptly at 6:00 P.M. followed with dinner at 6:30 P.M.
- (5) Bill Jasper will see that all the details regarding publicity are handled - working with PENB.

Professor H. C. Zindel, Michigan State University, will make the presentation of awards.

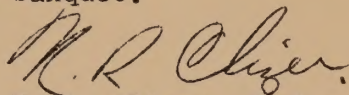

Orvel Cockrel, will again serve as Master of Ceremonies; and Bill Diamond, along with a new accodianist, Helen Starr, will take care of songs and music.

November 11, 1959

Regarding solicitations, Ed Griffin, reports that he has received, of the goal, \$860.00 and anticipates no problem in raising the total amount. Twenty-four firms have contributed to date. Two more firms are to report.

Attached is a copy of the letter going to contributors inviting them to attend the Banquet, December 2nd. You, of course, are also invited (on the same basis!)

If you have any questions please let me know. Plans to date look good for excellent contest - tour - and banquet!

Re: 36th Annual Intercollegiate Poultry Judging
Contest Banquet -
Scotch-Irish Room - Toffenetti's Restaurant,
72 W. Randolph - 6:00 P.M. - December 2, 1959.

Dear Friend:

We appreciate very much your continued interest in the Annual Inter-Collegiate Poultry Judging Contest - this year's event to be the 36th - and held here in Chicago, December 1 and 2.

Your good response to Ed Griffin's letter asking for donations - to cover expenses of the banquet - assures us of no financial problems again this year. Thanks!

We'd like to extend to you a cordial invitation to attend the presentation of the special awards to the winning teams and individuals, as well as the banquet to follow immediately afterwards. Professor H. C. Zindel, Michigan State University, will make the presentation this year.

It will not be necessary for you to make reservations and all we ask is for you to be on hand promptly at 6:00 P.M. I know you will have an enjoyable evening.

Dr. E. E. Schnetzler, Manager of the Contest, reports that 20 teams from colleges covering a wide area are expected to take part in this year's event.

Tickets will be available for everyone attending the banquet including the "guests" at \$2.50 each. The difference between the \$2.50 and the actual cost of the dinner and other expenses has been taken care of by the funds which you helped to contribute.

Sincerely yours,

N. R. Clizer, Chairman
Arrangements Committee
